

Protective Orders

If a protective order is necessary, the Court encourages the parties to stipulate to a proposed order and submit it to the Court for review. The proposed order must include language that references Local Rule 5.3:

This order does not authorize the filing of any documents under seal. Documents may be sealed only if authorized by statute, rule, or order of the Court. A party seeking to file under seal any paper or other matter in any civil case pursuant to this section shall file and serve a motion or stipulation that sets forth (i) the authority for sealing; (ii) an identification and description of each item proposed for sealing; (iii) the reason that sealing each item is necessary; (iv) the reason that a means other than sealing is not available or unsatisfactory to preserve the interest advanced by the movant in support of the seal; and, if a party files a motion only, (v) a memorandum of legal authority supporting the seal. See [Local Rule 5.3](#). No party shall file or otherwise tender to the Clerk any item proposed for sealing unless the Court has entered an order allowing filing under seal.

Protective orders may not contain language that authorizes in advance the filing of documents under seal. Filings under seal are governed by Local Rule 5.3, and the Court requires that those procedures be followed. Where possible, the parties are encouraged to utilize redactions over sealing.

Whenever a motion or stipulation to seal is filed, the party seeking to file under seal shall submit a proposed order which states the particular reason the seal is required. The proposed order shall be submitted to the undersigned district judge or to the magistrate judge to whom the matter is referred, via the link located under the “Utilities” section of CM/ECF. If a motion to seal is granted, the documents to be filed under seal shall be filed electronically by the movant with an appropriate designation that the documents are to be held under seal.
