The descriptions in the above chart are only headings to help direct you to the Compensation Grid categories. The actual descriptions in the Compensation Grid categories are more detailed and have specific requirements that must be met for a Claimant to qualify for a payment under a particular category. The Compensation Grid also describes the proof that is required from the Claimant for each category. An additional form for each category chosen by the Claimant will need to be completed and submitted by or for that Claimant with this Claim Form. A complete description of the forms required is attached in the Instructions and can also be found at the website: officialflintwatersettlement.com. To the extent that an affidavit is required, a form is attached and can also be found on the website.

For example, Category 3 of the Compensation Grid is for individual Claimants age 6 and younger when they were first exposed to Flint water. The next friend for that individual Claimant must certify and provide supporting documents that the Claimant for at least 21 days during any 30-day period between April 25, 2014 and July 31, 2016, resided, dwelled, or attended school or day care in Flint, or was otherwise exposed to Flint water. Documented blood or bone lead test results within certain dates showing certain lead levels must also be provided for that Claimant. Alternatively, a report could be provided from an expert within a certain time period showing a cognitive deficit of that Claimant and meeting the report requirements specified in the Compensation Grid. Alternatively, infants whose mothers were exposed to Flint water for certain periods, and where the infant was born preterm or with low birth weight within certain time periods, are in this category. Medical records and other documents specified in the Compensation Grid and the accompanying form for this Category 3 will need to be provided to support the individual Claimant's qualification for this category.
