The U.S. District Court for the Eastern District of Michigan will be implementing a major upgrade to our e-filing program called CM/ECF NextGen. The upgrade is planned for February 24, 2020 and requires every attorney that files in our district to take steps to be ready prior to the upgrade and steps after the upgrade to maintain e-filing privileges.

Please review our readiness quiz to make sure you are fully prepared for this upgrade at:  
<http://www.mied.uscourts.gov/index.cfm?pageFunction=NextGeninfo#tabs1-quiz>

Additional information will be sent to users and added to the Court's website as we move closer to February 24, 2020.
